DILYAN MEZEV

ANGULAR DEVELOPER | UI/UX DESIGNER

Eindhoven, The Netherlands | dilyanmezev@gmail.com | <u>LinkedIn</u>

SUMMARY

Angular Developer focused on usability and accessibility, turning designs into functional features with TypeScript. Experienced in international collaboration and certified in Angular development.

TECHNICAL SKILLS

Angular	HTML5	Responsive Web Design
JavaScript	CSS3	UI / UX Design
SwiftUI	Version Control (GitHub, GitLab)	Figma

WORK EXPERIENCE

Lirex ST   **Sep 2024 - Jan 2025**

Angular Developer and UI/UX Designer - Intern   **Sofia, BG**

- Improved accessibility and usability by creating and implementing personalization settings in Figma (font size selection, top to side bar toggle, and theme colour customisation).
- Boosted user experience and streamlined collaboration by integrating the new features into Angular with TypeScript.
- Improved international user accessibility by adding a bilingual language switcher to the home screen.
- Tested and refined components with cross-functional teams, improving overall platform usability.
